MY FRIEND--A WORD WITH YOU.

Do you know that every man who de-  
sires to vote at this election must regis-  
ter ANEW? Even if you have REGISTERED  
and VOTED before, you must register  
again under the new Election Law to  
vote this year.

Do you want the Republicans to carry  
the election and have your neighbors  
arrested and put in jail as in 1888? If  
not, REGISTER and VOTE THE DEMOCRATIC  
TICKET.

Do you wish the negro to get control  
of your county and State? If not, REG-  
ISTER and VOTE for the DEMOCRATIC  
NOMINEES.

Do you not know that EVERY NEGRO  
in the State will REGISTER and VOTE?  
Then so must every WHITE MAN.

Do you want negro Yankee soldiers  
with drawn bayonets to meet you at the  
polls and dictate to you how to vote? If  
not, be sure your name is on the regis-  
tration books, and do not fail to  
vote the straight Democratic ticket.

You can't register after Oct. 24th--so  
REGISTER AT ONCE. Don't say  
you have not time--take time--YOUR HAP-  
PINESS depends on it; the GOOD NAME and  
PROSPERITY OF YOUR STATE depends on  
IT; HONEST GOVERNMENT and WHITE MAN'S  
CONTROL depends on IT. DON'T WAIT.  
Delay may cost the defeat of the party.

All Democratic papers will please  
copy and keep at the top of the column  
of each issue until after the election.

HOT AS A GINGER-MILL.

(Durham Sun.)

We desire to call the attention of our  
readers to the fact that the Raleigh  
STATE CHRONICLE is doing a great work  
for the cause of Democracy. It is as hot  
as a ginger-mill and its sharp lance is  
flaying the flesh of those who would  
break down the party which every white  
man should support with as much inter-  
est as he works to support his family.

A thousand Ingersolls in every coun-  
try under the sun would not do so much  
to create disbelief of the truth among  
men as this spectacle of a church inher-  
iting promises which she seems unable  
to believe and receiving commandments  
which she seems unwilling to execute.--  
Thoburn.

Neither would a thousand Radicals in  
every township in North Carolina do so  
much to create dissension among the be-  
lievers of the truth of Democracy and  
work so much ruin to the State as the  
spectacle of a professing Democrat in-  
heriting promises from JEFFERSON and  
JACKSON which he is unwilling to believe  
or unwilling to execute. The Democrat  
who votes for a Radical hath denied the  
faith and is worse than an infidel.

UNDER THE McKINLEY bill, according  
to the "American Architect," the  
"cost of large and expensive buildings  
will not be materially changed, but the  
COST OF THE CHEAP CLASS OF BUILDINGS  
WILL BE ENHANCED."

## JOHN M. LANGSTON'S SPEECH.

Among the closing infamies of the  
present Congress previous to its adjourn-  
ment was the unseating of Hon. E. C.  
VENABLE, the Republican candidate for  
Congress in the Fourth Virginia district  
to make a place for JOHN M. LANGSTON,  
(col.) Two Republican members of the  
Committee in the House refused to vote  
in favor of the report against VENABLE,  
and two were absent when the report was  
voted upon. In spite of this and in the  
face of returns which were approved by  
two Federal supervisors, VENABLE was  
unseated to give place to the negro.

Since LANGSTON was seated he has  
been speaking a great deal and saying  
many offensive things. In one speech  
he said that he expected to see a negro  
in the seat of WASHINGTON. His latest  
utterance, which we copy from the Wash-  
ington Post, is as follows:

"After discussing the question of slav-  
ery he said it used to be said that this  
is a white man's country. He was here  
to tell them it was a black man's coun-  
try as well. The wars of this  
country used to be those of the white  
people, but there could never be another  
in which the negro would not figure as  
an American soldier.

"The speaker said he had never seen a  
Democrat who knew that the word white  
was not in the Constitution. He was  
born in Louisa county and was not  
ashamed of it. His mother and father  
were buried there, and he had no apolo-  
gy to make for it. THE BEST WHITE and  
BLACK BLOOD IN THE STATE RAN IN HIS  
VEINS, and he apologized to no man for  
it. The word white was not in either  
the decalogue, the Sermon on the Mount,  
the Declaration of Independence. Start-  
ing in the kitchen, it was doing well to  
reach the parlor. BEING BORN IN NEGRO  
QUARTERS, ISN'T IT MAGNIFICENT TO ENTER  
THE HALL OF THE HOUSE OF REPRESENT-  
ATIVES? IF DEMOCRATS THERE FROM  
NEW YORK OR ELSEWHERE SHOULD TAUNT  
HIM WITH BEING A COLORED HE WOULD RE-  
MIND THEM THAT HE WAS THEIR EQUAL  
NOW. THERE WAS NO DISTINCTION BE-  
TWEEN WHITE AND COLORED YOUNG MEN.  
IT WAS TIME FOR THE NEGRO TO GO CHEEK  
BY JOWL WITH THE WHITE MAN and make  
this country the grandest on earth and  
praise God together.

Every white man who wants to go  
"cheek by jowl" with the negro will vote  
the Radical ticket. Every Democrat  
who does not long for the "cheek by  
jowl" act will vote the Democratic  
ticket.

ABOUT COTTON TIES.

The tax on cotton ties has been raised  
from 35 per cent. to 103.71 per cent. un-  
der the McKINLEY tariff bill. It will  
"check imports" effectually and cotton  
ties hereafter will probably cost at least  
\$203.71 for a quantity worth \$100. Ties  
now cost from 2 to 3 cents per pound.  
With entire control of the market the  
manufacturers can make the price as  
high as they choose, and should imports  
begin, they can reduce the price and  
ruin anybody who has temerity to en-  
gage in importing, just as the manufac-  
turers of quinine did when they had a  
tax on that article. There are five  
to six ties to a bale of cotton. There  
are 7,000,000 bales produced in the  
South, and 11,000,000 in the world of  
unmanufactured cotton. We exported  
in the year ending June 30th, 1890,  
4,996,543 bales of short staple, or 2,462,-  
579,034 pounds. We exported 24,370  
bales of sea island cotton, or 9,231,819  
pounds, the total value being \$351,000,-  
000. The disadvantage at which this  
tax places us in the foreign market is  
thus apparent. The manufacturers can  
easily add 50 cents to each bale of cot-  
ton. That amount will turn the scale  
in any market in the world. This is Re-  
publican friendship for the negro, who  
works the cotton.

ARTESIAN WELLS.

The injury to wells from surface wa-  
ter is so great that dug wells in many  
sections have become unknown. Wells  
four hundred to two thousand feet are  
common. In many sections the business  
of boring them is a regular branch of  
work. With the improved machinery  
this is now done very cheaply. We be-  
lieve if some enterprising man would  
start this business in Eastern North Car-  
olina he would make a fortune for him-  
self and improve vastly the reputation  
for health of that whole section. Physi-  
cians say that disease is communicated  
more freely through drinking water  
than in any other mode.

WHO IS THE FRIEND OF THE  
NEGRO?

The board of a Philadelphia sectional  
school refused positively the other day  
to allow a colored girl to attend its ses-  
sions. Recently Grandmaster Wilkinson,  
of the Brotherhood of Railroad Train-  
men, demanded the discharge of a col-  
ored brakeman on the Houston & Cen-  
tral railway. This was refused. Re-  
ceiver Dillingham, an ex-Confederate,  
and the Galveston News says "the negro  
has always had his friend here."

LAST year cotton seed sold at \$14 to  
\$16 per ton. The price offered this year  
is \$8 or \$9 per ton. The fight between  
the oil mill trust and private mill own-  
ers had something to do with the higher  
price last year, but the great reduction  
is attributable to the agitation of the  
CONGRER bill which proposes to put a  
heavy tax on lard made from cotton seed  
oil. The CONGRER bill did not pass, but the  
fear that it would pass caused a great  
fall in the price of cotton seed oil, says  
the Manufacturer's Record; and because  
of the possibility of its getting through  
Congress at the short session next win-  
ter, there is little reason to expect any  
advance in values.

YOUNG vs. TELEGRAPH COM-  
PANY.

In our mention of the case Sunday  
we were not exactly accurate. The Su-  
preme court awarded no damages. The  
facts are that the plaintiff's wife, being  
on a visit to her father in South Caro-  
lina, was taken sick, and he sent a mes-  
sage to the plaintiff in New Berne,  
"Come at once; your wife is at point of  
death." The plaintiff in his complaint  
alleged that he had been years in New  
Berne and his place of business was well  
known, on a principal street, in four  
hundred yards of the telegraph office,  
but, notwithstanding, the message was  
not delivered in eight days, during  
which time his wife died and was bur-  
ied. He asked damages for the negli-  
gence of the defendant and the lacer-  
ation of his feelings caused thereby.  
The defendant demurred on the ground  
that the plaintiff not being the SENDER  
of the message could not maintain the  
action, and that no damages could be  
given for injury to the feelings. The  
Supreme court held against defendant  
on both points and held that the jury  
could assess a fair compensation to plain-  
tiff for the wrong done him by defend-  
ant's negligence. The case now goes  
back to the jury.

Go to the Court House to-night to  
hear AYCOCK and McIVER expound the  
gospel of Democracy.

AN EDITOR VINDICATED.

The man who tackles an editor usually  
finds that it would have been safer to  
tackle a buzz saw. In the Fall of 1889  
PROF. J. H. P. LEIGH was principal of  
Cana High School. When he suddenly  
took his departure for a more congenial  
clime, the Davie Times said:

"Prof. J. H. P. Leigh, principal of  
Cana High School, was too fond of his  
lady pupils, and as he was a married  
man, this could not be allowed by the  
good people of Cana, so his place is now  
vacant."

PROF. LEIGH brought suit for libel  
and talked very big for a while. Last  
week he took a non suit and the State  
entered a nol pros. The Times offered  
to prove its charge, and the Professor  
couldn't stand it.

THE McKINLEY tariff bill imposes a tax  
of fifteen cents a barrel on lime, and  
four cents on cement.

NEWS FROM THE UNIVERSITY.

tives of the National School of Methods  
at Glens Falls, New York, have notified  
Dr. Hume, of the Choir of English in the  
University, that he has been selected to  
deliver a course of eight lectures on  
English Philology and Literature before  
the School of Methods, next July. Dr.  
Hume delivered a lecture there by  
invitation this last season and it re-  
sulted in this call to conduct a depart-  
ment.

Mr. Crawford Bennett, of Stanly county  
who has been quite sick for three weeks

crease, 36,734, or 12.36 per cent.

The loss in Orange county and in-  
crease of Durham and Vance counties  
results from the forming of Durham out  
of Orange and of Vance out of Gran-  
ville. Warren lost by the formation of  
Vance and Wake also lost some votes by  
the formation of Durham county.

Goldsboro's population in 1880 was  
2,286 and in 1890 3,825. The per cent.  
of increase is 31.62.

## The New Tariff Law,

which went into effect October 6th, will,  
of course, result in an advance in the  
prices on foreign goods of all descrip-  
tions.

Anticipating its passage, we naturally  
availed ourselves of all our facilities, and  
in the interest of our patrons purchased  
largely abroad of those goods in our line  
most affected by the tariff, bringing for-  
ward the goods in time to escape the  
higher duties.

In consequence of the unsettled state  
of the markets, because of the uncer-  
tainty, we made all our purchases with  
great advantage, and all were gotten in  
before the higher duties went into effect.

Consequently for the next few months  
our enormous stock will offer great ad-  
vantages to buyers, as the benefits se-  
cured by us shall be turned over to our  
customers.

In no case shall we, while the present  
large stock lasts, mark the goods at any  
advance based on present cost, but give  
our customers every advantage of our  
careful preparation, always realizing  
that their interest and our own are iden-  
tical.

## THE SUCCESS OF THE

Provident Savings Life Assurance

## SOCIETY

OF--

## NEW YORK

Is attracting wide attention, for the fol-  
lowing reasons:

1st. The increase in the amount of  
new Insurance in 1889 was 66 per cent.  
over that of the previous year.

2d. New business in 1889 nearly  
twenty millions of dollars.

3d. The ratios of payments for Death  
Claims and Expenses to amount at  
Risk are LOWER than those of the  
oldest and largest Life Insurance Com-  
panies of New York; and the Ratios of  
Assets to Liabilities in the Provident  
Savings Life are LARGER, being \$206  
for every \$100 of Liabilities, while in  
the three largest of the New York  
Companies the Ratios are as \$127, \$118  
and \$108 to every \$100 of their Li-  
abilities.

4th. Life Insurance at ACTUAL COST,  
that brings insurance within the reach  
of many heretofore unable to carry it.

5th. It never costs one-half the price  
charged for it in "Best Old Style Life  
Companies," whose experience proves  
that hardly 39 per cent. of their Pre-  
mium Receipts were necessary to insure  
the lives of their Policy-holders; while  
the balance was used

FOR SOMETHING ELSE

besides insurance.

6th. Past experience shows that the  
better the plans of the Society are  
known, the greater its income becomes.

To know what these plans are, call at  
the Company's office in Greensboro,  
N. C., or on any of my Agents in the  
State.
